

Spirometry Update Online with AskSpiro

Delivery:

Pre-recorded webinar supported with a knowledge check

Date:

Ongoing enrolment

Course Consists of 3 lectures:

- Introduction and performing quality assured spirometry
- Reporting spirometry
- Case studies: applying your knowledge

Are you already on the ARTP Register and need to ensure that you have the most up to date knowledge around spirometry before you apply for Spirometry Recertification? Or do you just need to update your knowledge around spirometry as an area of interest?

If yes, then this course is for you. You will be provided with a pre-recorded lecture and a knowledge check to ensure you have the most up to date knowledge and know-how in the world of spirometry. This short bite sized learning means that you can listen to the lecture at a time that is convenient for you and at a time that is suitable for you without leaving your workplace or home environment

The course details:

- A pre-recorded lectures which will enable you to learn at a pace and time that is suitable for you;
- A check your knowledge assessment to give you confidence before you complete an annual declaration of maintaining competency in your spirometry certification (please note if you do intend to apply for Spirometry Recertification, the cost of the declaration is not included in this course price, this would be done directly with the ARTP when you are ready).

By undertaking this course, the learner will be able to:

- Identify the guidelines which need to be used in spirometry;
- To identify the elements needed to undertake quality assured spirometry;
- Build on existing knowledge around interpretation.

Other spirometry learning available:

New to Spirometry? We recommend you look at our Spirometry Interactive Blended Online Learning course (with or without ARTP assessment access) packed with podcasts, eLearning and monthly tutor sessions for those who are new to the topic.

Experienced in Spirometry but not on the ARTP Register? Our Spirometry Refresher with access to ARTP assessment includes a pre-recorded lecture, access to live Q&A webinars every month, and our team supporting you to ensure you feel ready for the ARTP accreditation process (assessment cost included in price).
